Students' Meetings will be held as usual on the *first Saturday in every month*, in the York Tea Rooms, Baker Street, after 3-30.

As the Secretary of the Association no longer lives in town, and the Editor is much tied by various circumstances, it is greatly to be wished that some students living in town would undertake to be present at at least *one* of these meetings to form a nucleus. The dates for the following term will be—

January 20th.

April 7th.

February 3rd.

May 6th.

March 3rd.

Will some students near London undertake *one* of those Saturdays each, and by sending a post card to the Editor let her know that a hostess for any others will at least be present?
